First football game in the books

The Marching Legends made their first public appearance of the new school year last Friday at the varsity football game. The band performed the music and routine for the 2023 field show, as well as pumping up the crowd with our school songs and their parade song, *Master of Puppets*.

Expect to see the Marching Legends perform at every home football game. Games will normally start at 7:00pm, with the band playing during pre-game at approximately 6:45. They will perform their field show during halftime, with the exact time depending on the pace of the game. Once the halftime performance is completed, the band is finished for the evening, but students are more than welcome to re-enter the stadium and watch the 2nd half of the game.

Do you want to get into football games for free?

Consider volunteering in the concession stand. Available dates and times can be found at bit.ly/NSBand23Football.
